**News Release: FINAL**

## **Lattice Announces Additional Installations of Inmate Communication Systems at Correctional Facilities; Installs First Site in Texas**

**Pennsauken, N.J. – April 14, 2011 --** [Lattice Incorporated](http://www.latticeincorporated.com) (OTCBB: LTTC), a provider of advanced technological solutions to key government agencies and enterprise customers, announced today an additional installation of its call management services in Oklahoma, and has installed its first inmate communication system in the state of Texas.

The new call management system in Texas was installed at Terry County Law Enforcement Center, a 176 bed facility in Brownfield. Lattice also completed an installation at McIntosh County Jail, a 143-bed facility in Eufaula, Oklahoma.

CEO Paul Burgess said, "The Terry County facility marks our entry into the state of Texas, where we see strong growth potential for our services. The growing demand for our technology in the U.S. and abroad is helping to meet the dual needs of correctional facilities as well as the inmate population who are better able to communicate with their families by utilizing our call management system," Burgess said.

### **About Lattice Incorporated**

Lattice Incorporated is a provider of advanced information and communications technology solutions to the government and commercial markets. The company's technology services division designs, deploys and manages advanced technological solutions at key government agencies and for mid- to large-sized enterprises. Lattice's technology products division consists of several core proprietary platforms used to develop customized software applications with military grade security in a number of different markets.
